

# **THE BAXTER'S FIELD COMPANY**

## **SPECIAL NOTES - BARBECUES**

Please note that barbecues must only be set up in the designated area – the brick walled pit below the picnic tables. Entrance is up the grass slope from the field, *only through a locked gate, which you will be responsible for unlocking and locking and returning the key to the Booking Secretary*

Use of the area is confined to those who are doing the cooking

**FOOD SHOULD BE CARRIED OUT TO THOSE EATING**

The area is on several levels and there are dangerous hidden obstacles, including the air-raid shelter entrance which is unstable

Any residual ashes or charcoal should be taken out of the field when your event is over

**PLEASE DO NOT DUMP THE ASHES IN THE BUSHES or ELSEWHERE**  
The danger of fire is very great especially in drier weather

Please do not leave behind any bags of litter  
Our resident foxes will tear them open and distribute the contents all over the field

The extra charge for a barbecue is £10

Thank you for your co-operation

*The Baxter's Field is maintained and administered entirely by volunteers*
